Re: June 2024 Maintenance Report

1.General Village Maintenance: All of the stops, yellow, and parking lines have been painted throughout the village. The new street sweeper was delivered and all DPW staff have been trained in the operations. The Wensley entrance water manifold was leaking, found a fitting had a crack, got a new fitting and replaced. The signposts at all the entrances have been repainted.

2.Street Lighting: A new light pole was installed at the Joyce Cohn Pathway. The old light and pole were removed. The order of 6 new light poles were delivered for inventory.
