

Village Maintenance Report

To: Mayor David Miller

Cc: Deputy Mayor Larry Chaleff and Village Trustees

From: Brian Gauger

Date: March 28, 2025

Re: March Maintenance Report

1.General Village Maintenance: We cleaned out the three holes from stump grinding. The location at 9 Carlton had to be reground. All locations have been filled with topsoil. We have loaded out all leaves from the fall and brought them to the dump. The curbs by the Melbourne apartments and the Merrivale entrance have been backfilled with topsoil. The lawns have been thatched and blown out, we will put down seed and fertilizer in the future. The battery on the Gehl 5640 was replaced. We picked the roller from the tennis court and brought it back to the shop to give the engine a full tune-up and changed the hydraulic filter. The 2023 Kenworth went out for its NY State inspection. As of this date we have removed and replaced 27 stop sign poles to the new ones.
